

About PolarisAds

PolarisAds is an online advertising network that connects website owners (publishers) with advertisers that are interested in placing ads on those publishers' websites. Unlike others, our network allows advertisers pick specific websites to advertise on and allows publishers to choose how much they'd like to earn.

Our Industry

Internet advertising is one of the world's fastest growing and most lucrative industries. With 2007 revenues at \$20 billion and an expected \$50 billion by the year 2011, there are enormous opportunities for advertising companies to capture this growth.

Our Product

PolarisAds has developed a unique, powerful and easy to use system around Pay-Per-Click ads – the internet's most widely used form of advertising. The online system even allows advertisers to choose specific websites to place their ads on, rather than simply picking keywords or poor performing run-of-network ads.

Our Inventory

We deal with only the biggest, best and highest-quality publishers on the internet, period. Our strict acceptance requirements allow us to maintain the image of a quality network that earns more revenue for publishers and delivers better results for advertisers.

Independent Sales Representative Program

With PolarisAds you can take part in the first, and only, opportunity of this kind. The entire PolarisAds network has been opened publicly to independent sales representatives. Qualified individuals may now join our program to take advantage of the many benefits available in the lucrative advertising industry.

Earnings & Payouts

The sales rep program has two ways to earn. As a sales representative you are welcome to take advantage of both:

Sign On Advertising Clients

Through your account, you are able to sign on new website owners (publisher) who would like to earn revenue through PolarisAds. For each publisher you sign on you will earn 20% of their earnings. For example, if you sign on a publisher that earns \$1,000 from PolarisAds in a given month, you will earn \$200 that month from this client. If they earn \$5,000 the next month, you will earn \$1,000 from just that one client.

You are also able to sign on advertisers who would like to purchase clicks on publishers' sites in our network. For these clients, you will earn 12% of whatever your advertiser spends. If they spend \$1,000 on ads through PolarisAds, you will earn \$120.

These are both **lifetime commissions** which mean you will earn passive income every month from your clients.

Sign Up Additional Sales Reps

As an additional way to earn through PolarisAds, you are able to sign on new sales representatives through your account.

By doing this, you will earn 2% the total business from the sales reps you bring on-board. For example, if you bring on a sales rep who signs up 3 advertisers that each spend \$5,000 a month, that's an additional \$300 of passive income to you!

Responsibilities of Sales Representatives

One of the great things about this program is that we manage most of the system for you, which gives you the time to focus on bringing in your clients, not running the everyday details of the business. You're only responsible for bringing in and supporting your clients and downline – we do the rest.

Benefits and Advantages

Below are a few of the many key advantages of working with PolarisAds:

- Generous earnings & timely payouts
- Take part in a rapidly growing industry
- Lifetime profits with passive income
- The advantages of starting your own business without the hassle
- No expensive start-up costs
- Work with many other sales reps to grow your business
- Free to Join, never any costs to take part in the program
